

HEX-5 Concrete Drill Bit Set 5-piece

Referencia: 2608841654
 EAN-13: 4059952585345
 Marca: Bosch

- HEX-5 Drill Bit guarantees extra-long durability when drilling holes for fixings in concrete and stone
- Vástago de inserción hexagonal para una conexión fuerte y máxima transmisión de torque en portabrocas de tres mordazas y portaherramientas hexagonales internos de 1/4".
- Reduced friction from 2-flute vario design providing dust removal and wear reduction
- Bosch Power Grip Shank System enables direct use of power . Extra Long Life

Descripción general

Descripción

The HEX-5 Drill Bit guarantees extra-long durability when drilling concrete and stone. The combination of a carbide blend developed in-house by Bosch and diamond-ground cutting edges makes the bit extremely wear-resistant. Friction on the flute from drilled material is notably reduced thanks to a 2-flute vario design with a short, variable incline providing good dust removal and wear reduction. The Bosch Power Grip Shank System enables 100% power transfer from machine to drill bit. This allows a direct use of power for drilling with no power loss and thus less wear. For use when drilling holes for fixings in concrete, natural and artificial stone. It is compatible with hexagonal shank systems for all corded or cordless impact drills. As proof of quality, the drill bit bears the quality test mark of the PGM Masonry Drill Bit Association Board guaranteeing compliance with tight tolerances, exactly drilled holes and a firm hold on fixings.

Datos packaging

Unidad de contenido	Pieza
Cantidad de contenido	5.00
Producto empaquetado: largo (cm)	17,30
Producto empaquetado: ancho (cm)	7,30
Producto empaquetado: alto (cm)	1,50
Presentación	Plastic, cápsula, con europerforación
